# THE COMPANY

## Our Company

There is an old saying "a small soldier makes great merits" in China, what does it mean is exactly screw.

Fortunately, what our company do is just producing and selling screws. Why we do this because it is our job, our responsibility for society and country.

Our company will perform our job according to the spirit of the old saying to create our most value for the whole society.

There is only one earth, but earth's resources are decreasing rapidly, what even worse is our environment is being devastated fast. In order to represent our resolution to protect earth, we named our factory "TOP GREEN CORPORATION" and practically make our every effort to protect our earth.

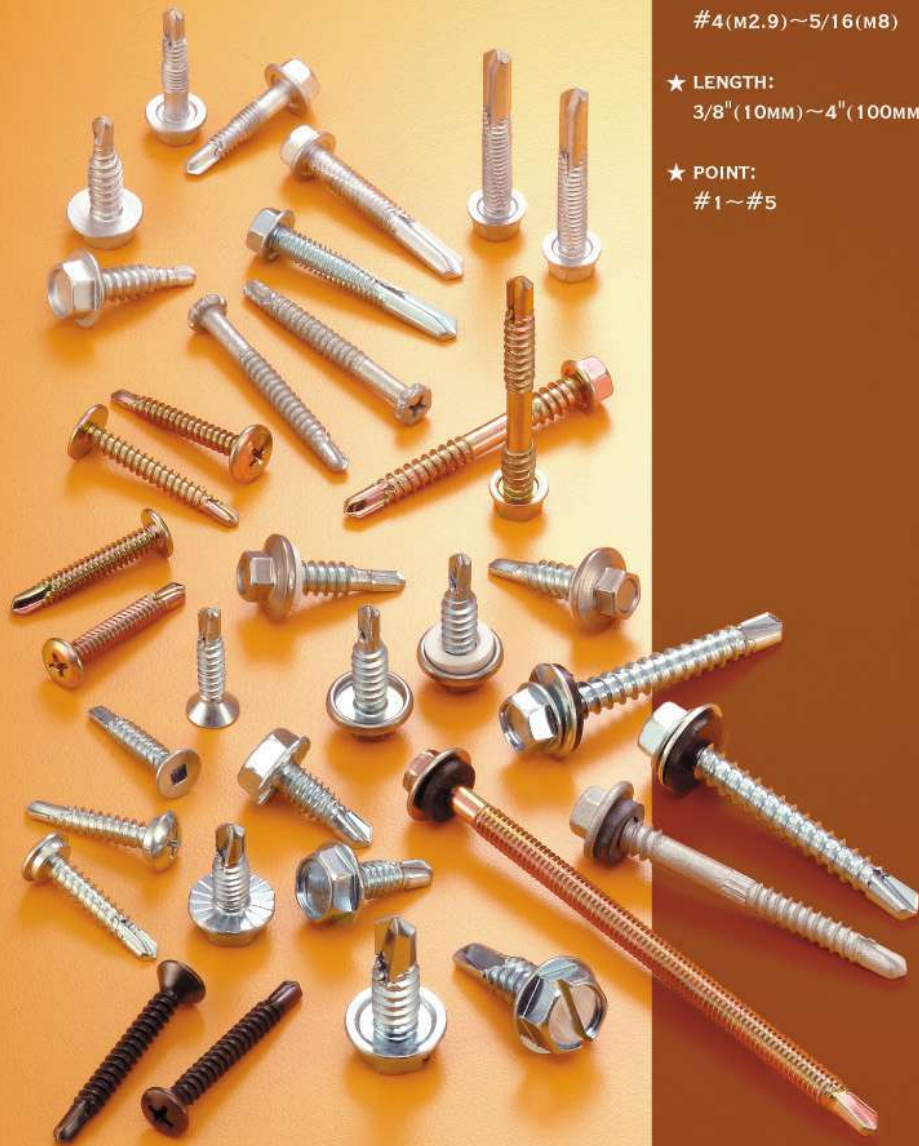

The name of our company is "TOPIST ENTERPRISE CO., LTD.", "TOPIST" is the compound of "TOP" and "FIRST". It means the best, supreme, excellence. As a member of our country and society, we have courage and resolution to challenge and become the best enterprise in our industry. We are confident to realize the name of "TOPIST" to the real "TOP FIRST" in the near future.

Do our best !
